Benchmark - The Accomack County Board of Supervisors established 20 minute standard for emergency response.

Station Reliability - Percentage of calls in a stations response district answered by that station.

NORS = No Response by station. The call was handled by another station/agency.

2nd Call = 2nd Ambulance call received while First Ambulance was busy on another call.

3rd Call = 3rd ambulance call received while First and Second Ambulances were on other call.

This information was prepared using data supplied by the Eastern Shore of Virginia 911 Center.

This information is original incident data only and may not be representative of all units or stations who responded to an incident.
